Tdot Shots Launches CREATE COMMUNITY Photo Contest 2020

Inspiring the Toronto creative community to make beautiful media during crisis

Tdot Shots is a passionate community of Toronto photographers and artists based on Instagram at @tdot_shots. We are launching our annual contest early this year to inspire and challenge Toronto creatives during the crisis. From May 15 to July 1 we invite friends, photographers, artists and media makers to participate in CREATE COMMUNITY our annual Toronto contest!

“I find the process of actually taking photos as therapeutic and just as much a critical part of my physical and mental health regime as going for a walk, run or bike,” writes photographer Scott Harrald on our announcement blog post. He writes, “With a theme of ‘Create Community’ this year’s contest couldn’t come at a better time as we reflect on how we impact our communities and what our role as photographers and creators is.”

Are you creating art at home? Editing photos? Working on a video? Submit your images and media and inspire Toronto with your creative take on our city and community. Contestants will be eligible to win one of three \$100 printing prizes from our sponsor ProLab Canada.

Our categories are: City & Town (general photography), Community (portraits and street), and GTA FFA (edits of photos from our pool). Try your hand at something new! Make a video! Shoot a portrait! Edit from our pool of RAW photos from Greater Toronto Area photographers.

Details: Contest runs 6 weeks from May 15-July 1. Entries are unlimited. View contest site <https://tdotshots.com/> for full rules and guidelines. Follow us at [@tdot_shots](https://www.instagram.com/tdot_shots) on Instagram and view entries under the Instagram hashtag [#tdot_CC20](https://www.instagram.com/tdot_CC20).

Good luck! We look forward to seeing your work! Please contact us if you have any questions.

COVID-19 DISCLAIMER

Stay Home, Shoot Local

We require participating photographers to follow health authority guidelines and employ common sense during the pandemic. You can dig through your archive, download a raw file from one of our FFA photographers, or shoot somewhere local to you while taking care of essentials.
